

EVEN THE SHERRIF CAN'T GET IN THURSDAY! CLOSED TO MARK DOWN PRICES

SALE STARTS FRIDAY MORNING 9 O'clock NOV. 18TH

All Day Thursday We're Slashing Prices and Re-Arranging Stocks! After three weeks of fast and furious selling we've turned lots of merchandise into cash. But now comes further drastic reductions. Practically every thing in the store is again being marked down Thursday. Friday we open with the greatest bargains in history. Such big bargains will empty the store by January 1st—and save you money.

Three Weeks of Selling Has Saved Money for Hundreds of People! One of the greatest sales in the history of Hope followed our closing out announcement on October 28th. We could not care for the crowds for the first two days of the sale. Since then our store has been thronged with eager buyers to take advantage of the price sacrifices we made to close out this tremendous stock. Now for more bargains.

Dependable Merchandise at Quit Business Prices—We're closing out! This store has been doing business in Hope for forty years. But we're quitting by January First. In order to close out such a tremendous stock in such short time, it was necessary to slash prices to the bone. Thousands of dollars of merchandise was bought by thrifty shoppers. And now for bigger price cuts, still.

Hundreds Have Saved

For three weeks our store has been crammed with eager shoppers, snapping up the bargains, on apparel they need for Fall and Winter. Now comes still greater savings.

Practically every item in the store has been marked down—many items marked down the second time. Hurry!

Remember, the door opens Friday morning. Be early, and get your share of the savings!

49c

Much New Fall Stock All Prices Cut to the Bone

Throughout the Summer season we bought large stocks of goods, because wholesale prices were cheap, and anticipating a modern volume of Fall business. Then came the decision to close out the store. As a result we found case after case of bargain merchandise, much of which had just been opened, and some of which had not even arrived in the store. Now, that wholesale prices are going up, you save double here, because we are going to sacrifice the new goods, much of which is of nationally known brands, as well as everything else, to dispose of the entire stock in the few remaining weeks of this year.

Your pennies and dollars will buy more here, while we are closing out this tremendous stock, than they have ever bought in twenty years. Cold, winter weather need mean nothing to you, if you are warmly dressed. You can buy your winter needs here at very small cost. Due only to the fact that we are turning our big stock into money, in order to close out by January First.

Greatest Savings 25 Years

This presents your opportunity to buy new shoes, work clothes, new dress clothes—everything in apparel, at bargains that have already attracted the largest crowds in the history of Hope stores; and that will attract still greater throngs, now that at prices have been cut again. We've gone through all prices tickets like a buzz saw going through a log.
